

## **Corridor EZ and Civil Survey Applications Privacy Policy**

Your privacy and data security are of the utmost importance to us.

From installation and throughout the evaluation period Corridor EZ does not collect any identifying information about yourself or your location.

At the time of license activation there is a communication with the license server to authenticate the license. At this time, limited information is gathered about the computer such as the computer identity and computer name. In the event of a cloud-based licensing scenario in any future upgrade, users may be entering a license identification and password (issued at the time of purchase).

In the event of you accessing our help systems, contacting us via our website, communications associated with purchase of our software, matching license activations with customer records, or other communications, the following privacy policy applies <<https://civilsitedesign.com.au/privacy-policy>>
